

Dr. Schwertner will use his expertise to fight Obamacare

Dear Neighbors,

As a member of the Texas Senate, I will use my background as a doctor to protect patient rights and fight back against the abuses of health insurance companies.

Not only does Obamacare threaten to rob our citizens of high-quality care, but its huge price tag adds a tremendous burden to our Texas economy.

I am proud to have earned the endorsement of retiring State Senator Steve Ogden who said, "Charles' expertise in healthcare will prove invaluable in managing the most complex and expensive issue of our time."

Let's send a message to the Obama Administration by putting a doctor on the front lines in the fight against Obamacare.

I would be honored to have your support in the upcoming Republican Primary on May 29th.

Sincerely,

campaign@drschtewrtner.com • Bryan/College Station: 979-402-9559 • Georgetown: 512-299-5721 • www.DrSchwertner.com
